公司介绍-公司简介

Company Profile - Company Profile

- 东莞林鸿建筑装饰有限公司成立于2009年拥有超过12年的生产研发技术经验和100多名员工，专业设计生产室内木饰面，集成墙板，生态木制品和室外木塑地板墙板制品，室内木塑产品包括: pvc墙板, 方通,天花以及相关配件。户外木塑产品包括木塑地板, 木塑DIY地板 立柱围栏等，甲醛/重金属/防火/物理性检测报告齐全。目前公司拥有耐可木/态晟品牌，产品畅销全球。

- Dongguan Linhong Building Decoration Co., Ltd. was established in 2009 with more than 12 years of production and R & D technology experience and more than 100 employees, specializing in the design and production of indoor wood finishes, integrated wall panels, ecological wood products and outdoor wood plastic floor wall panel products, indoor wood plastic products include: pvc wall panels, square tong, ceiling and related accessories. Outdoor wood-plastic products include wood-plastic flooring, wood-plastic DIY flooring column fence, etc., formaldehyde /heavy metal/fireproof/physical test report is complete. At present, the company has the brand of Coco Wood / State Sheng, and the products sell well all over the world

公司介绍-品牌名字

Company Profile - Brand name

每一个人每一样东西都有名字，而每个名字都有一段故事，耐可木也一样，它的名字不可以说是特别，可是因为它背后的故事赋予了它一种我自认为的特别，因为好的一个就够了！群众的力量是强大的，名字的起取也是各抒己见；“耐可木”谐音necowood；neco按词缀之解乃是neo-eco的拼缀，意味着新型，生态，环保，正合塑木之意，况且“耐可”取其又耐又可以的字面意思，又恰恰是我们产品质量追求的目标，于是朗朗上口的耐可木便这样诞生了.....

Everyone has a name for everything, and every name has a story, and so does Necomu, and its name can't be said to be special, but because the story behind it gives it a kind of special that I think is special, because the good one is enough! The power of the masses is strong, and the names are taken out of each other's opinions; "Resistant wood" consonant necowood; Neco according to the affix of the solution is neo-eco collix, meaning new, ecological, environmentally friendly, positive and plastic wood meaning, and "endoco" to take its resistant and can be the literal meaning, but also precisely the goal of our product quality pursuit, so the catchy naico wood was born...

公司介绍-董事长介绍

Company Profile - Introduction of the chairman

一个出生于农村家的孩子；一个时常以大地为床，星空为帐，时常餐风露宿，食不裹腹，却依然坚守信念的人；一个几经商海沉浮，却乘风破浪勇往直前的人；一个永远把客户价值当成生命来看的经营者；他时常告诉同仁，林鸿建筑装饰材料公司存在的最大理由，也是持续发展的最大源动力，就是使命。他说，我们要从单纯的物质世界中解放出来，给自己一个更崇高的理由，赚钱不是经营林鸿的唯一目的，也不是最重要的目的。因为，只要以赚钱为出发点的企业最终都会走不长，因为赚了钱很容易满足，赚不到钱很容易放弃。如果遇到更赚钱的项目，就会经不起诱惑，很快就会迷失在商业利益的漩涡中而无力自拔。只有找到比赚钱更重要的目的，超越赚钱的精神向往，才会让我们不受金钱的束缚而大展手脚，反倒让企业能赚到钱，并持续基业长青。

这就是他，一个生前为使命而活，死后为使命而安的企业家；一个超出自我物欲的世界，却持续坚守的前行者；一个经受了生命最好的洗礼，却一直以先利众后利己为人生格言的优秀创业者。

他就是——林鸿建筑装饰材料有限公司董事长黄林！

A child born into a rural family; A person who often takes the earth as a bed and the starry sky as a tent, often eats and sleeps in the wind, and does not eat and eat, but still adheres to his faith; A person who has gone through several ups and downs in the sea of commerce, but bravely marches forward by the wind and waves; An operator who always regards customer value as his life; He often told his colleagues that the biggest reason for the existence of Lin Hong Building Decoration Materials Company, and the biggest source of sustainable development, is the mission. He said that we should liberate ourselves from the pure material world and give ourselves a higher reason, that making money is not the only purpose of running Lin Hong, nor is it the most important purpose. Because, as long as the starting point of making money as the starting point of the enterprise will not go long, because it is easy to satisfy the money made, and it is easy to give up if you can't make money. If you encounter more profitable projects, you will not be able to withstand the temptation, and you will soon be lost in the vortex of business interests and unable to extricate yourself. Only by finding a more important purpose than making money, beyond the spiritual yearning to make money, will we be free from the shackles of money and show our hands, but let the enterprise make money and continue to build a long-term business.

This is him, an entrepreneur who lived for the mission before he died and lived for the mission after death; A world beyond one's own material desires, but a forerunner who continues to persevere; An excellent entrepreneur who has undergone the best baptism of life, but has always taken the principle of first benefiting the public and then self-interest as his life motto.

He is - Huang Lin, chairman of Lin Hong Building Decoration Materials Co., Ltd.!

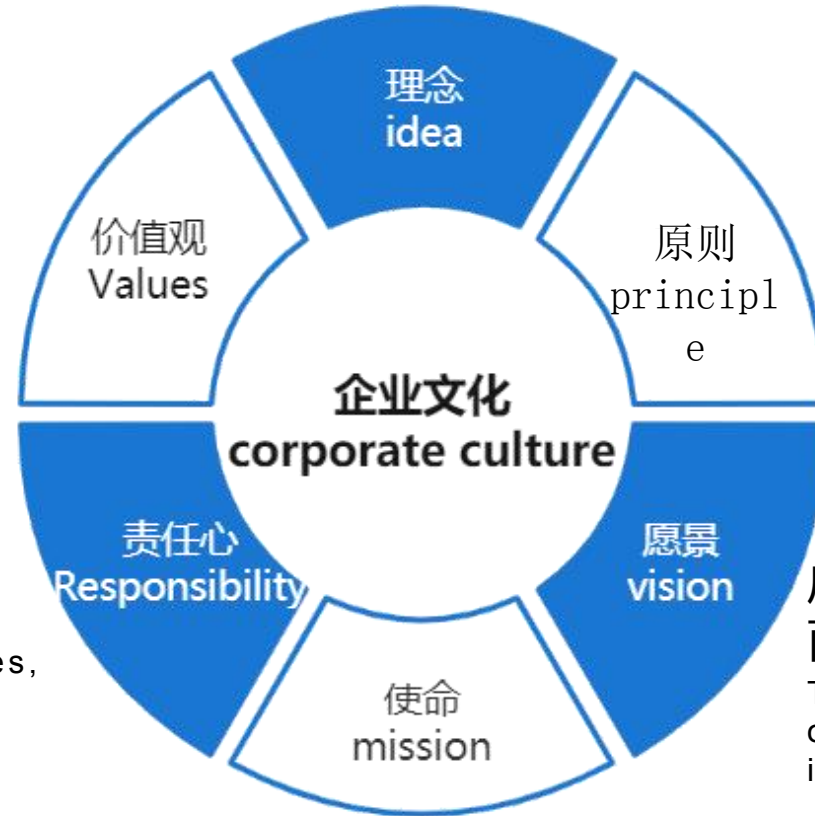

董事长 黄林

倡导自然健康环保的生活

Advocate natural, healthy and environmentally friendly life

客户第一，品质第一，成为第一
Customer first, quality first, become first

不找借口，坚守承诺，保证成果
Don't make excuses, stick to your promises,
and guarantee results

先做人再做事，细节决定成败

Be a person first and then do things, and the details determine success or failure

成为全球建筑装饰行业最受尊敬与信赖的商业组织

To be the most respected and trusted commercial organization in the global architectural decoration industry

为每一个家庭或商业组织提供最具艺术价值的生态环保材料

Provide ecological and environmentally friendly materials with the most artistic value for every family or business organization

公司介绍-发展历程

Company Profile - History

耐可木成立广州运营中心，产品面向全中国。

耐可木品牌在东莞常平设立生产基地，投入生产运营。

推出耐可模式1.0-4.0
1.0百万库存
2.0酒和故事
3.0生活很苦但手里有糖
4.0积分送豪礼

安装说明-室内墙板

Installation Instructions - Interior Wall Panels

所需工具：

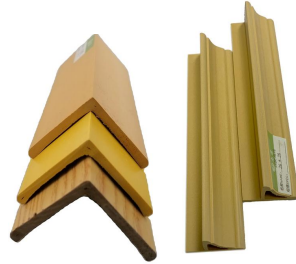

Required tools：

墙板
Wall panels

扣件
fastener

装饰线条
Decorative lines

粘合剂
Adhesive

切割机
Cutters

钉枪
Nail gun

安装前工作：

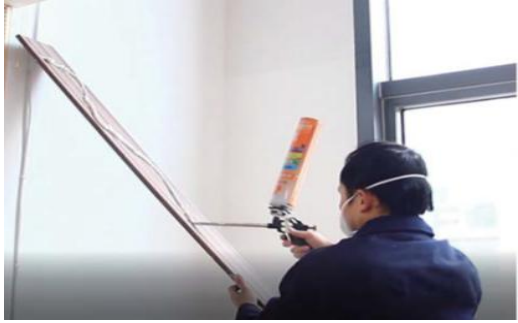

Work before installation:

- 安装前请确保墙面平整，若不平整需要打龙骨或者木架找平墙面
- Please make sure that the wall surface is flat before installation, if it is not flat, you need to hit the keel or wooden frame to level the wall

安装说明-室内墙板

Installation Instructions - Interior Wall Panels

①将产品裁切到合适尺寸，在产品背面涂抹粘合剂(若墙面打了木架，粘合剂可直接涂抹到木架上)

①Cut the product to the right size and apply the adhesive on the back of the product (if the wall is hit by a wooden frame, the adhesive can be directly applied to the wooden frame)

②将扣件安装到板材侧面卡扣处，墙板上墙，使用钉枪在扣件上固定

②The fastener is mounted to the side buckle of the plate, the wall panel is walled, and the fastener is secured using a nail gun

③以此类推安装完墙面，最后使用粘合剂将装饰线条安装到对应位置即可

③After installing the wall and so on, the decorative lines can be installed in the corresponding position using adhesive

安装说明-室内天花

Installation Instructions -Indoor ceiling

所需工具：
Required tools：

天花
smallpox

龙骨
joist

吊杆顶爆螺母
Boom top burst nut

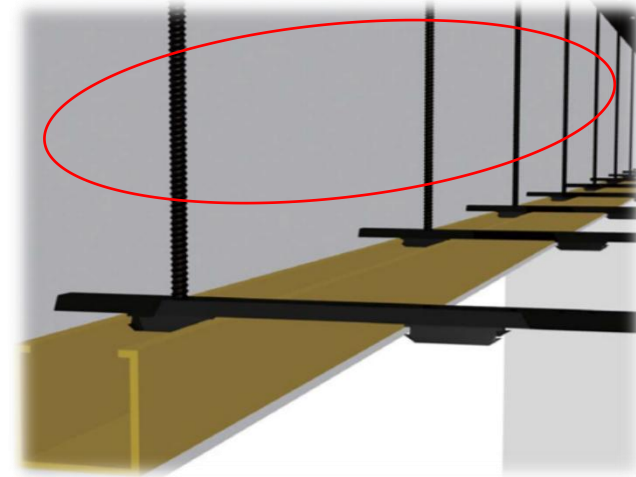

切割机
Cutters

安全帽护目镜
Helmet goggles

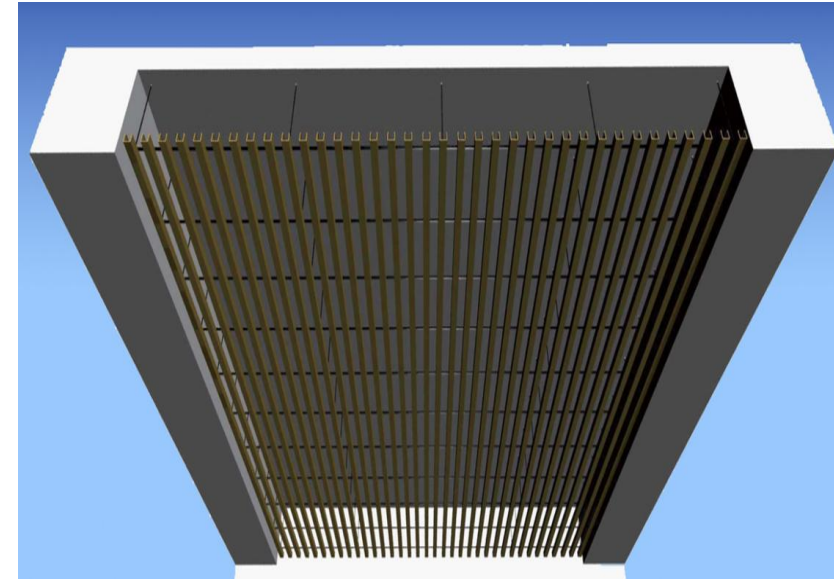

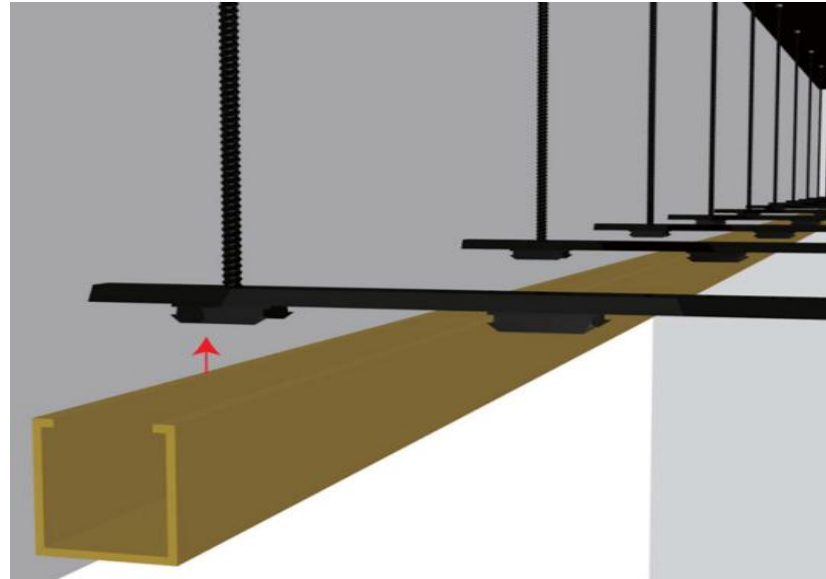

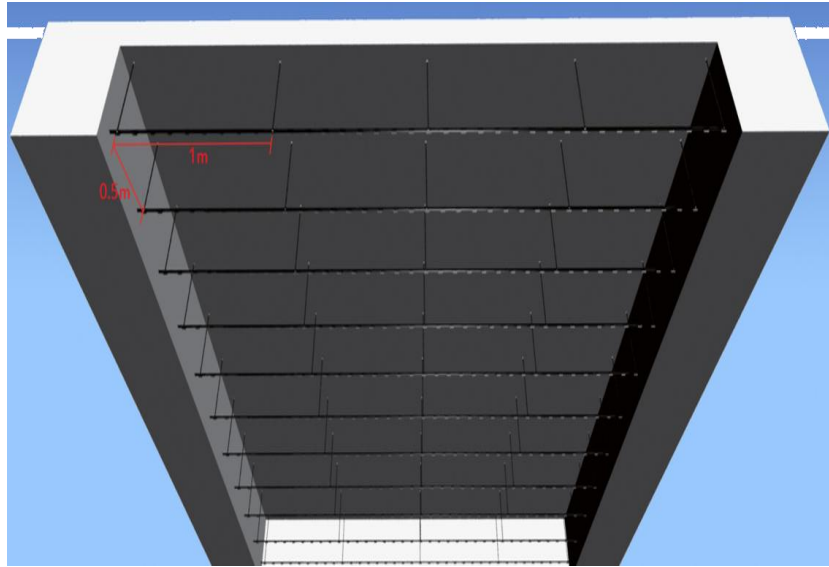

安装前工作：
Work before installation:

- 安装前请确保天花墙体平整，若不平整需要用吊杆顶爆找平天花墙体
- Please make sure that the ceiling wall is flat before installation, if it is not flat, you need to use the ceiling boom to flatten the ceiling wall

安装说明-室内天花

Installation Instructions -Indoor ceiling

①按照需求间隔，按照龙骨，用钉枪固定

①At the intervals needed, according to the keel, fixed with a nail gun

②将天花卡到龙骨对应处

②Snap the ceiling into the keel counterpart

③以此类推安装完天花即可

③And so on, just install the ceiling

安装说明-室内方通

Installation Instructions -Indoor square pass

所需工具：

Required tools：

方通
Fangtong

扣件
fastener

玻璃胶
Glass glue

螺丝/螺丝刀
Screws/screwdrivers

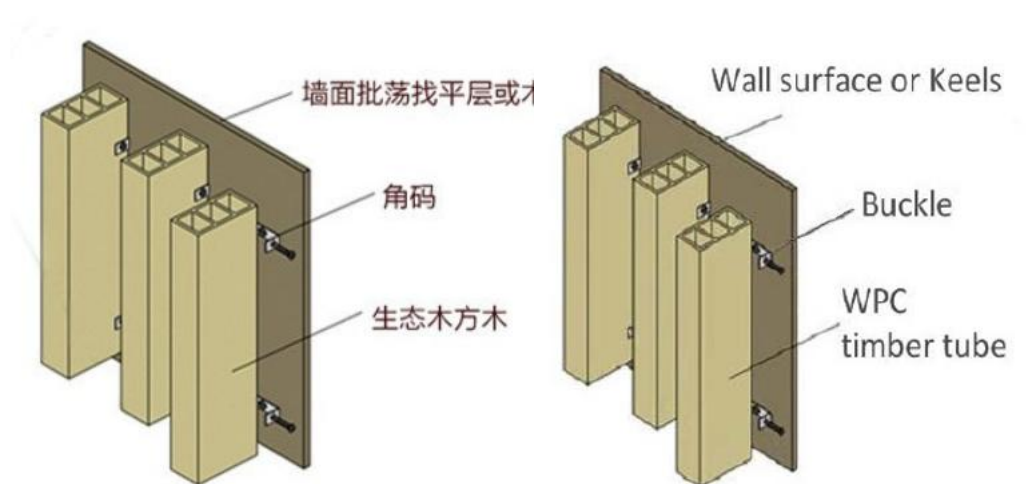

小木块
Small wooden blocks

靠墙安装：

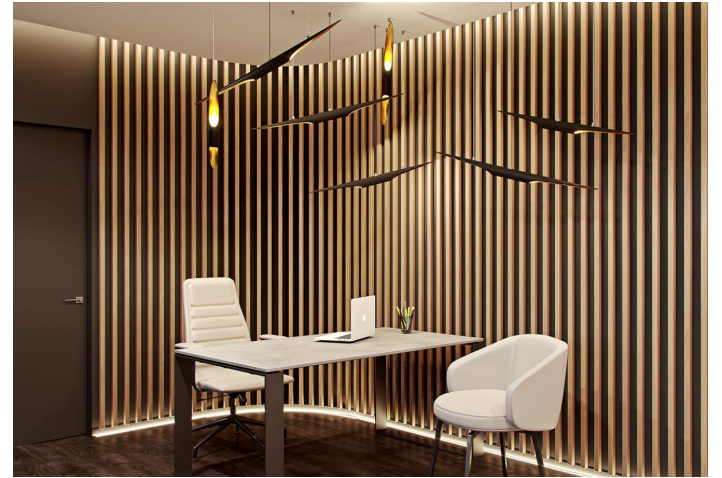

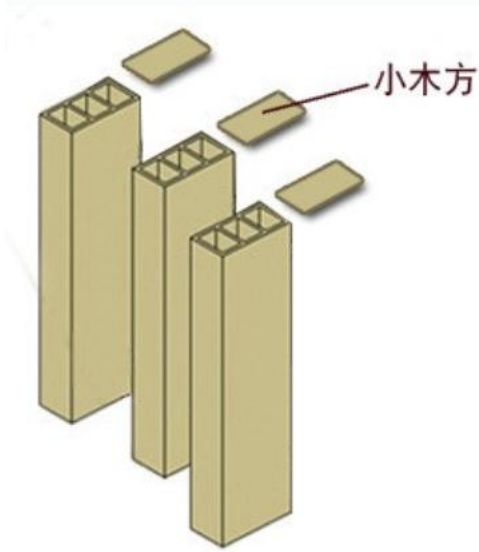

Mount against the wall：

- 方通可靠墙按照，但墙面不平整须打架子找平墙面详情见右图
- The square is reliable to follow the wall, but the wall surface is uneven and must be flattened by a fight , See the figure on the right for details

安装说明-室内方通

Installation Instructions -Indoor square pass

①根据所需间隔，将小木块固定到顶部

②将方通对着木块卡进去固定好

③在每根立柱上下一周打上玻璃胶再次固定

①Snapput Quarpas Akinstett
Wooddenbrook Anderfixit

②Snap the square pass against the
wooden block and fix it

③Apply glass glue to each column
and fix it again one week

安装说明-室外地板

Installation instructions - outdoor flooring

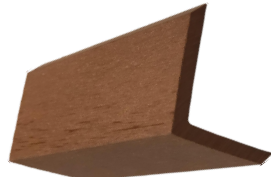

所需工具：
Required tools：

地板
floor

龙骨
joist

收边线条
Closing lines

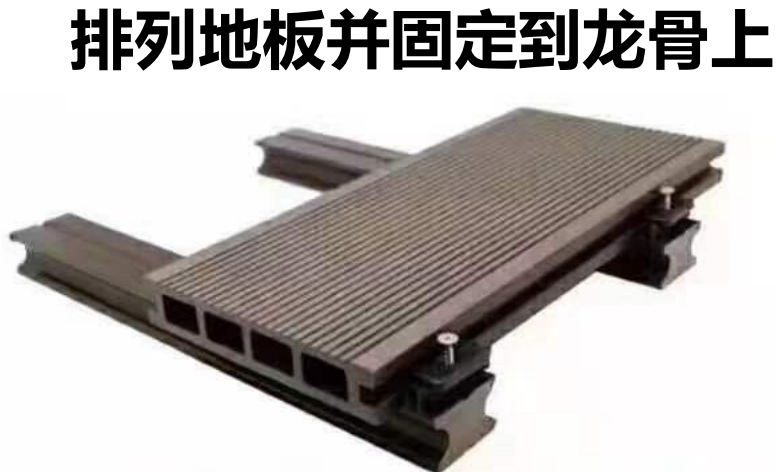

扣件
fastener

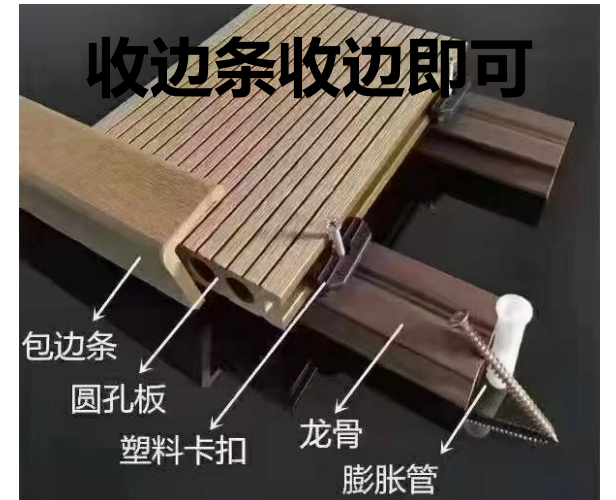

电动螺丝刀
Electric screwdriver

排列固定龙骨

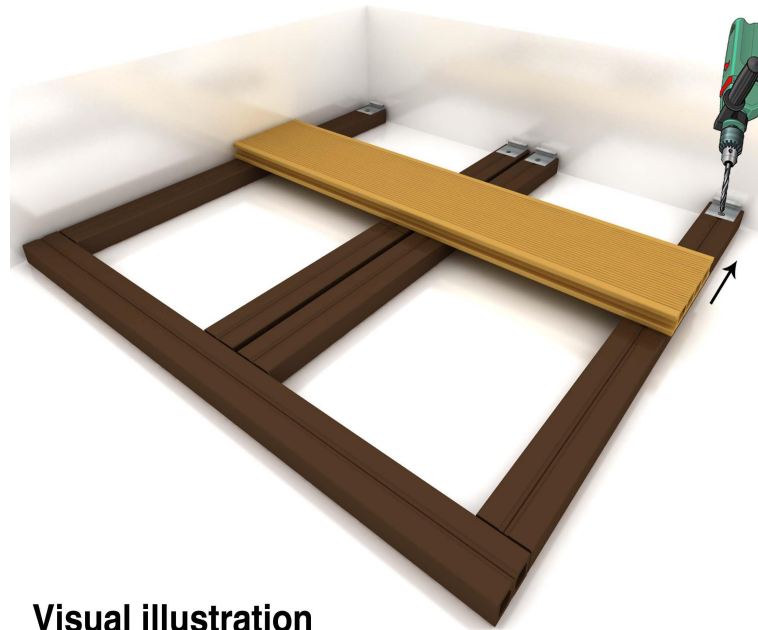

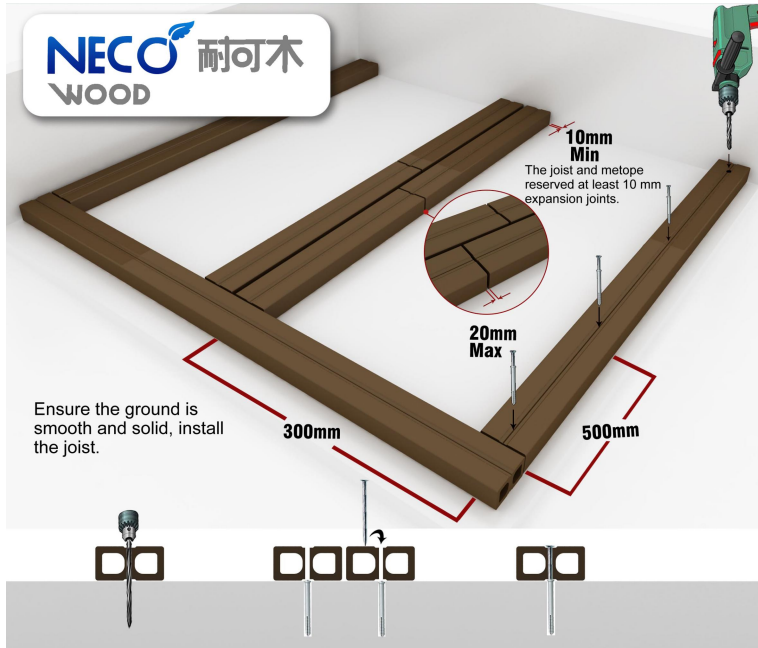

排列地板并固定到龙骨上

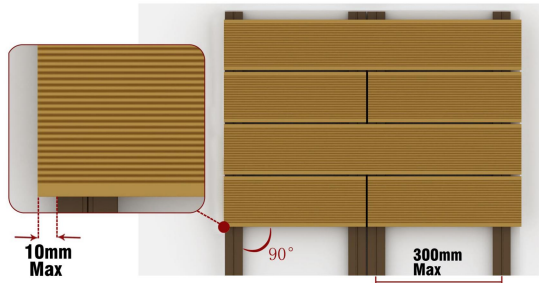

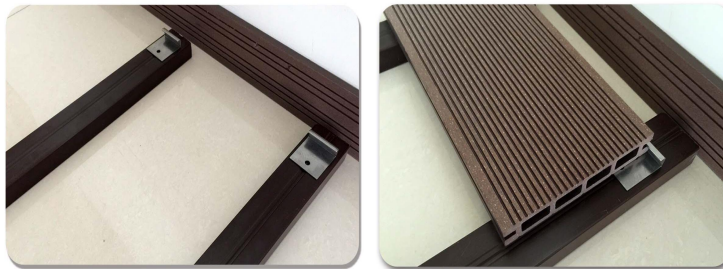

收边条收边即可

安装说明-室外地板

Installation Instructions -Outdoor floor

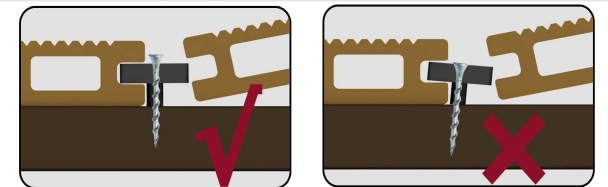

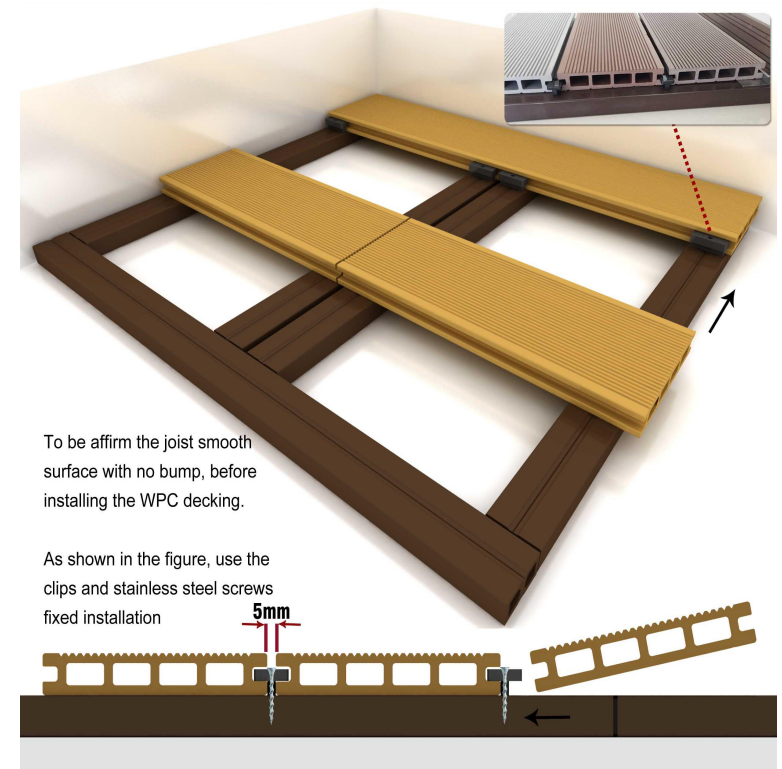

Visual illustration

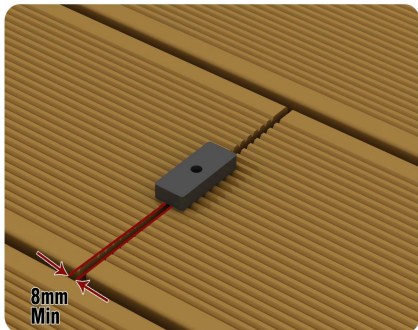

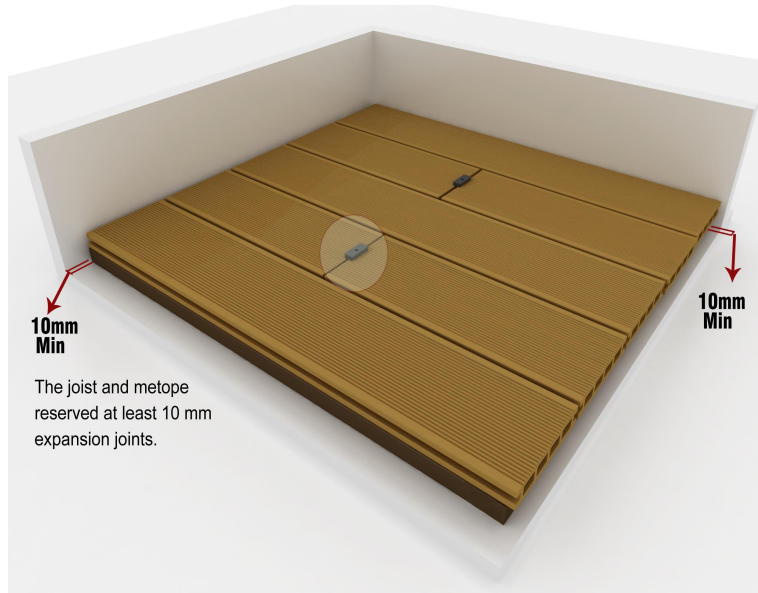

Fixed joist

When installation, the WPC decking must be perpendicular to the joist.

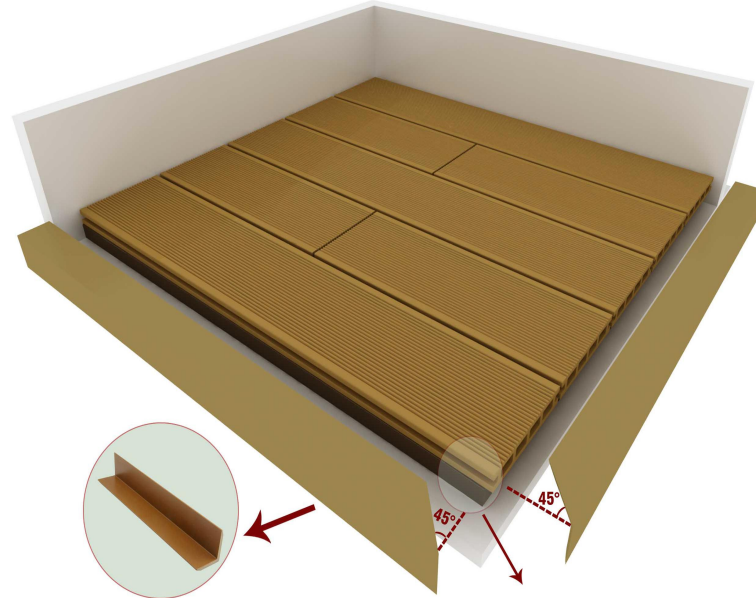

安装说明-室外地板

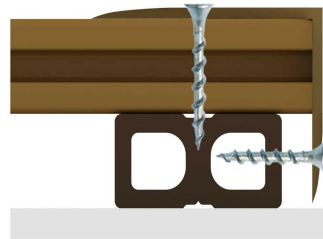

Installation Instructions -Outdoor floor

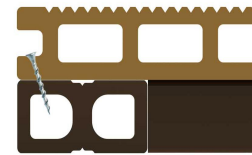

With the clips for reference, make sure the reserved expansion joints between two WPC decks at least 8mm.

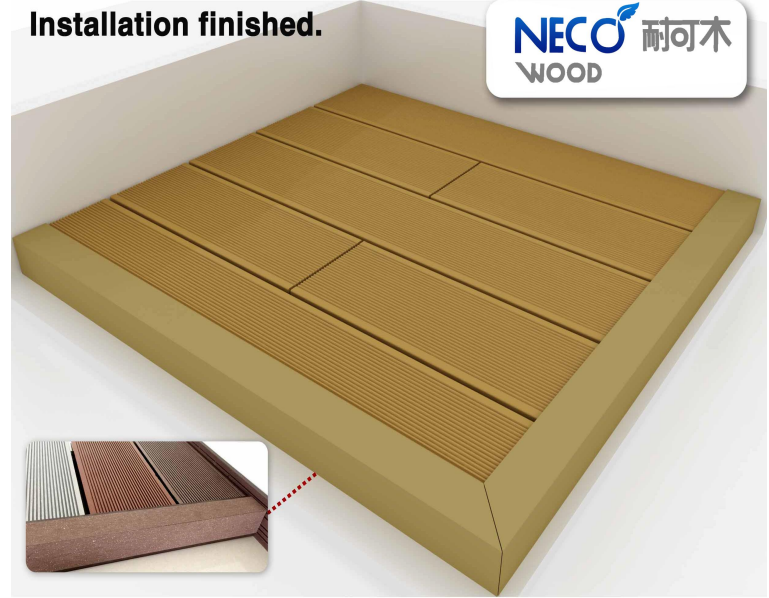

Cutting the L-corner to 45 degrees and stitching at the corner of the terrace decking.

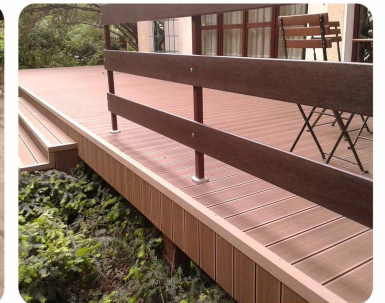

Fixed the L corner with screws to complete the installation.

The first piece WPC deck fixation, use the screw 45 degrees oblique drilled into the WPC deck and joist.

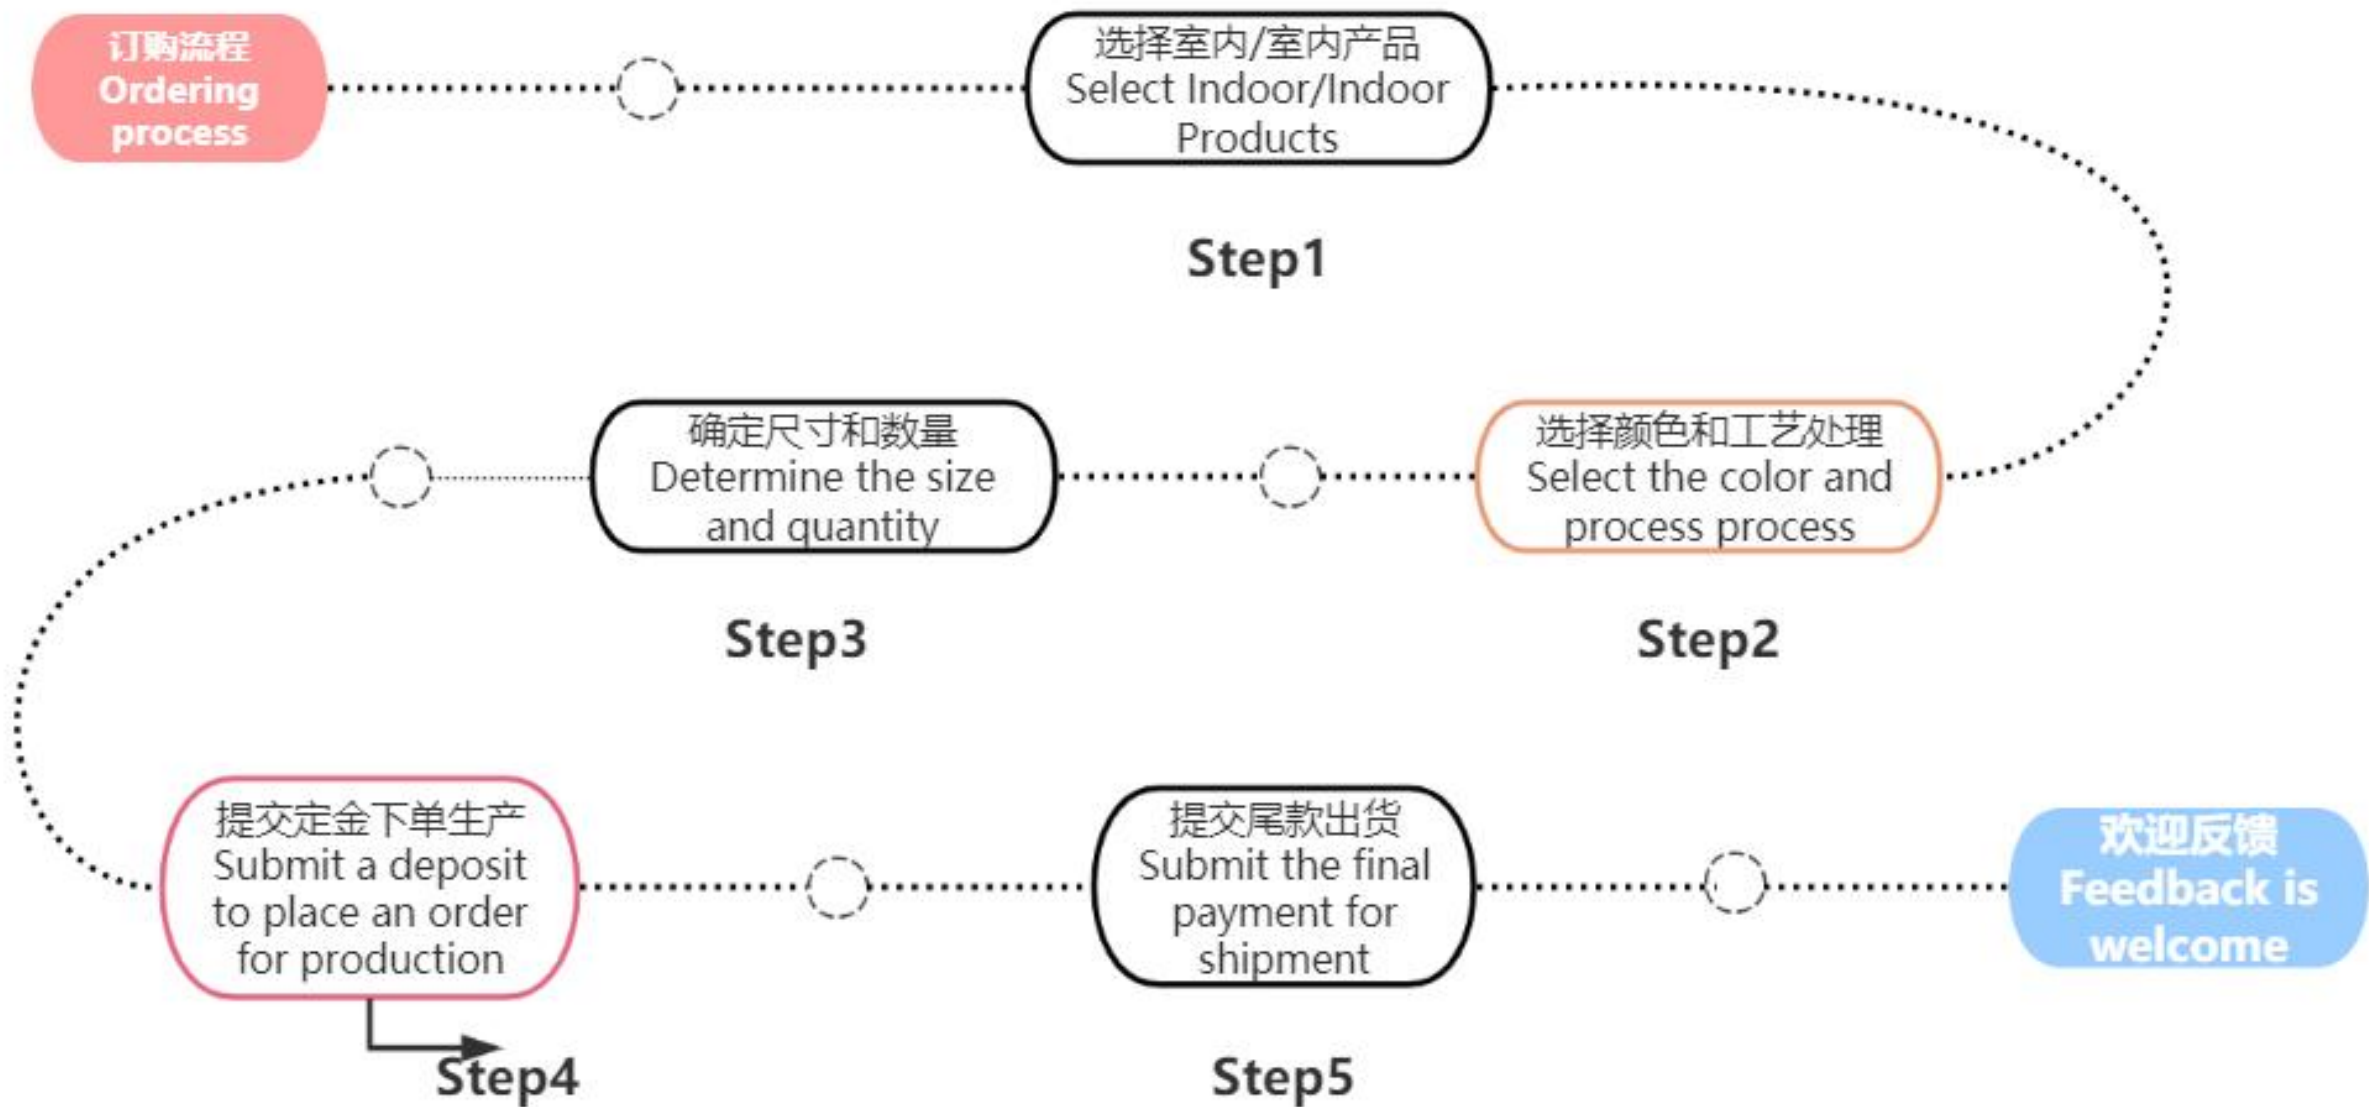

The finished project pictures.
